

Monahan Elementary Dismissal Procedures/ Traffic Flow

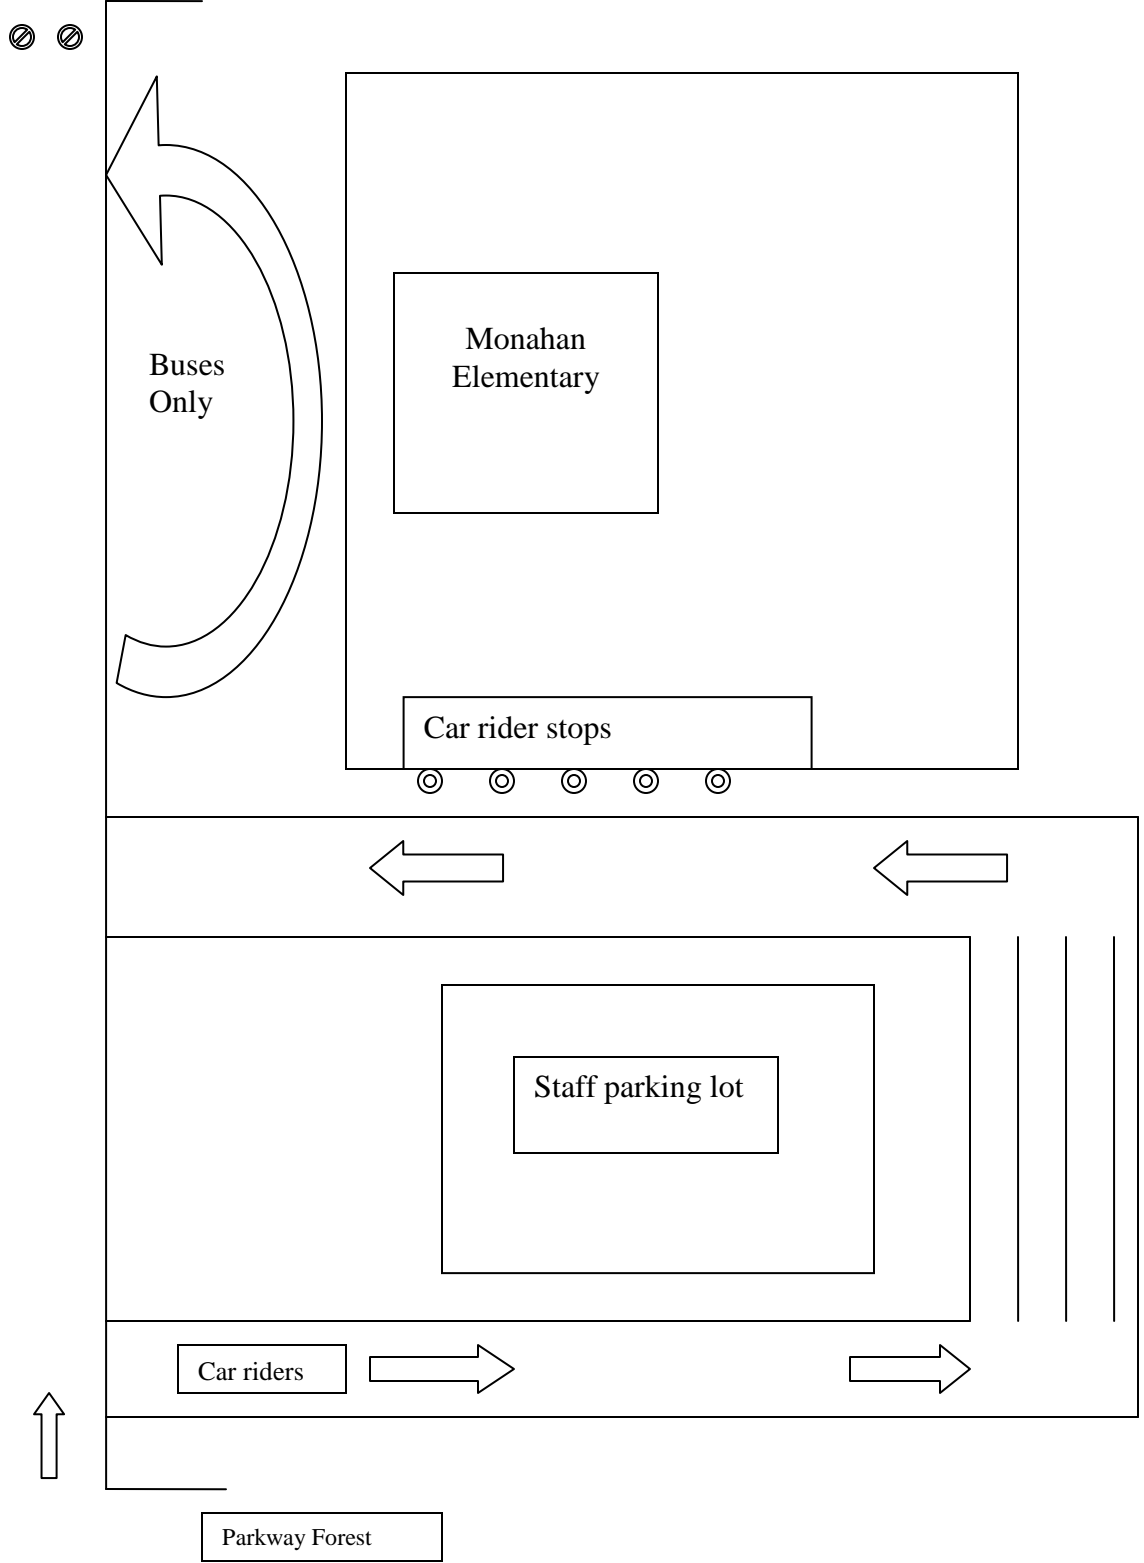

Stonefield

Attention Car Riders!

This year, parents picking students up in the car rider line must enter on Deep Valley on the Parkway Forest side. Vehicles will not be allowed to enter from Stonefield. Cars will be lined up in three rows at the back of the parking lot to alleviate traffic. Car riders will be released after the buses have been loaded. We are working hard to insure the safety of your children and to facilitate an efficient dismissal. We ask that you be patient the first week or two as we get our new procedures in place. We also ask that parents fill out the enclosed transportation form. If your child will be a car rider, please list at least three people that can pick up your child in this line. Please note this is different from the emergency form you will fill out.

Walkers

Walkers will be released after all buses and most cars have exited the campus premises. This is too clear the streets of heavy traffic in order to make it a safer walk for our students.
